

# Hopper

Glass Block Vent By Lang Window Products

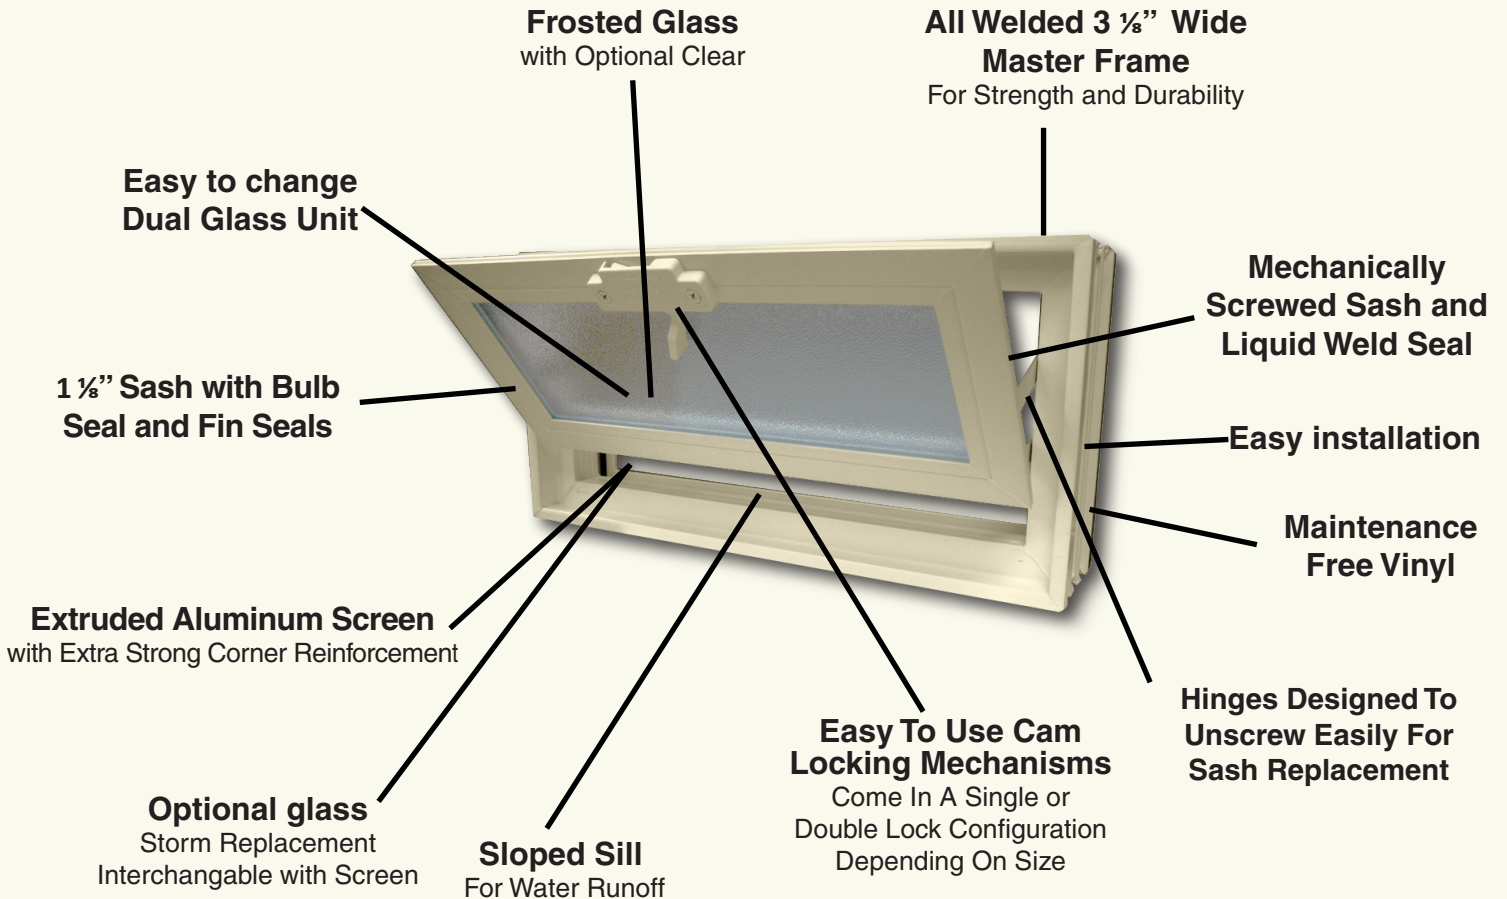

**MANUFACTURING**  
**Since 1953**  
**AND INNOVATION**

Let The Fresh Air In

# Special Features

## Selected Details

Lang vinyl Hopper vents are made from premium vinyl and open inward, just like a traditional hopper-style vent. Standard sizes for both new construction or replacement units are readily available, but because Lang Exterior manufactures each window to custom specifications, it's possible to get the perfect size for any home or building.

Homeowners can choose from three woodgrain interior colors, along with white, black, beige, brown, clay, and bronze interiors and white, black, beige, brown, clay, bronze, and green exteriors. Now homeowners have the color choice of their dreams, instead of ordinary white hopper vents. This easy to install, maintenance free ventilation unit will deliver the very best performance.

# We Manufacture The Products We Sell
